What are the risks of investing?

Risk indicator for the Ranfurly Sterling Balanced Fund¹.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on a combination of market index returns data and actual returns for a 5-year period to 30 June 2022¹. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

Notes

¹ This fund came into existence on 30 November 2016 and received its first investment on 22 September 2017. To calculate the risk indicator over a 5-year period, market index return data has been used for the period ended 30 September 2017 and actual returns have been used from 1 October 2017 to 30 June 2022. Using market index return data may make the risk indicator a less reliable indicator of how much fund values are likely to go up and down in future.

² From 1st April 2021 the methodology for calculating performance after tax has been changed. The Annual Returns Graph periods after 1st April 2021 use the new methodology for the amounts reported.

³ The Annual Fund Charges are calculated based on actual assets under management, actual fees and expenses of the fund from 1 April 2021 to 31 March 2022. More information on the Annual Fund Charges is available in the 'Other Material Information' document on the Ranfurly Superannuation Scheme's offer register at www.companiesoffice.govt.nz/disclose.

⁴ Other Management and Administration Charges are calculated based on actual assets under management, actual fees and expenses and actual underlying fund manager fees of the fund from 1 April 2021 to 31 March 2022. More information on the Other Management and Administration Charges is available in the 'Other Material Information' document on the Ranfurly Superannuation Scheme's offer register at www.companiesoffice.govt.nz/disclose.
